- **"Home"** at the top left sends you to the dashboard or to the top page.

- **Click links** to browse around through the pages.

- Click **"What's new"** right next to **"Quick jump"** to see what's new and what has recently changed in the space.

- **Search** from the top left to find pages with specific words in them.

Let's look at some more [advanced getting around](#)
